

ROCK OFFICIALS DRAW AVERAGE PAY

Tax Commission Issues Bulletin on Salaries in 71 Counties.

Rock county's officials are being paid salaries on an average with the other 70 counties of Wisconsin according to bulletin 5 issued by the Wisconsin tax commission received by Mayor T. E. Welsh. The bulletin calls attention to the need of adjusting salaries in the tax commission for the same service paid in counties of substantially the same class.

"Taxpayers may well inquire whether the expenditure of their money has been for approximately equal hands," the bulletin says. "If the men in charge of these important duties are not competent, may it not be that salaries paid are not large enough to attract them? Excessive frugality in compensating public servants is imprudent."

This question is asked after attention is called to the fact that the 71 counties levied \$2,600,000 of taxes on the general property of the state to be collected and expended in 1921, with an additional \$5,000,000 more from bond issues for highways.

Rock County Salaries
Salaries of Rock county officials for 1921 are listed as follows: County Clerk Howard W. Lee, \$2,000; County Treasurer A. M. Chas. Dunlap, \$1,500; County Judge Charles L. Kridel, \$4,000; Circuit Court Clerk Joseph Earle, \$2,000; Sheriff Cash Whipple, \$1,500; plus expenses; Register E. P. Sully, \$1,500; Highway Commissioner Charles B. Moore, \$2,400; County Supt. O. D. Antisdel, \$2,000; two supervising teachers, \$1,350 each, plus expenses; Constant R. T. Glasco, \$1,200; with additional salary from the U. of W. college of agriculture; County Nurse Anna Luetheker, \$1,800, plus expenses.

The bulletin shows that there are 35 counties that have not yet appointed a nurse. Rock is one of 23 counties that employ two supervising teachers. It is brought out. The other employ but one.

The average salaries for county clerks seems to be under the \$2,000 mark. Fourteen counties pay their clerks more than \$2,000, while 14 are eight which pay the same as Rock.

Antisdel Salary Low
Fourteen county treasurers and highway commissioners receive more money than Rock's officials, while there are five county judges and district attorneys who are higher paid.

Two circuit clerks receive more than is paid in Rock county. There are 23 county superintendents getting more than Antisdel.

One of Milwaukee county, where officials are paid around \$5,000 and \$6,000, the highest salary for a clerk is in Douglas county, \$2,500. Outagamie county pays \$2,500, while there are three paying \$7,700, and one, \$2,600.

Douglas county, also has the highest paid treasurer outside of Milwaukee, \$2,500. The lowest paid treasurer is in Green county, \$1,650, while the county clerk of Marquette is the poorest paid in that class, \$950.

Salaries for district attorneys range from \$600 in Dodge county to \$4,500 in Kenosha, while judges draw all the way from \$500 in Sawyer and Rush counties to \$5,000 in Walworth and Dane. Douglas county pays its circuit court clerk \$2,500, while 14 counties limit them to the fees they can collect.

Salaries for sheriff range from fees only in several counties, to \$4,250, including expenses, in Marathon, for register of deeds, from fees only, up to \$3,000 in Wood county; for highway commissioner, from \$1,000 in Ashland to \$3,500 in Waukesha; for county superintendent from \$1,200 in Pepin and Adams to \$3,000 in Grant and Marathon; supervising teacher, from \$1,000 to \$2,400; county agent, up to \$2,300; and county nurse, up to \$2,000. All of these figures are exclusive of Milwaukee county.

A comparison of salaries paid in Walworth and Green counties follows:

	Walworth	Green
Clerk	\$1,800	\$1,400
Treasurer	1,800	1,400
District attorney	1,500	1,400
Judge	2,000	2,500
County clerk	1,500	1,400
Sheriff	1,500	2,400
Register	2,800	1,400
Highway com.	3,000	1,500
School sup't.	2,500	2,100

Old Idea Prevails
In the statement relative to county salaries the tax commission has this to say:

"The administration of governmental affairs on a scientific basis is comparatively new in this country. In some quarters the idea still prevails that public officials should be selected according to their needs or their personal popularity. This is an illusion which often proves costly to the community. The idea of the work to be done by public officials requires the services of competent men that can only be secured when salaries paid are reasonable and graduated according to the value of the work to be done.

"Good government cannot result from laws and regulations unless administered by competent and conscientious officials. Hand in hand with knowledge on the part of the public as to the requirements of each particular office there should be encouragement for study of the science of administration."

CITY IS ASKED TO OBSERVE FLAG DAY TUESDAY, JUNE 14

A plea to citizens to display the Stars and Stripes next Tuesday, Flag day, is made by the Women's Relief Corps and other patriotic organizations here. The day marks the 144th anniversary of the birth of the American flag.

The following appeal is issued by the W. R. C.:

"It is most fitting that June 14 of every year be appropriately celebrated as the birthday of Old Glory. Patriotic societies, churches, schools, while communities, do themselves credit when in some impressive manner they honor the day. Especially should the Stars and Stripes then be displayed from every flag-staff and placed in front, or in the windows, of every home and business office in all the land.

"Let's all honor Old Glory's birthday. Every boy and girl knows the story of the making of the first flag. It was on June 14, 1777, when the American Congress passed the following:

"RESOLVED, That the flag of the United States be 13 stripes, alternate red and white; and that the Union be 13 stars, white in a blue field, representing a new constellation.

"Thus, full fledged and without any debate or previous legislation, our flag was flung out as a new constellation among the nations of the earth."

REAPPORTIONMENT OF CONGRESSIONAL DISTRICTS DROPPED

Madison—A bill will be taken out of congressional reapportionment this session of the legislature, members of the special reapportionment committee decided Tuesday night.

A telegram from Congressman James P. Frear, secretary of Wisconsin's congressional delegation, advising delay until congress takes final action on the number of members to be allotted Wisconsin.

The senate on Tuesday passed the committee bill, substantially as proposed by Senator Frear, for reapportionment of assembly and senate districts. In its final form the measure legislates no assemblyman out of office, and only one senator, Daniel Vernon county, who is placed in the same district with Senator Roethe.

INCREASE IN TAXES HELD UNNECESSARY

Continued from page 1.
outlook in six years. B. A. Kleckhoff, former secretary of the state board of public accounts, told the committee after their estimates had been arrived at.

Evidence of the sound condition of the state finances is shown, the committee points out, by an estimated surplus of \$1,500,000 that will be in the general funds July 1. The fund now has \$12,500,000 accumulated. Of this amount \$5,000,000 is appropriated for highway construction, not yet taken from the fund are said to equal \$1,400,000, a total of \$3,000,000. With \$3,000,000 added for June receipts, a surplus of at least \$1,500,000 will be left, according to committee estimates.

Suggest Appropriations.
Individual recommendations by the committee for annual appropriations to state departments are in situations, without the revolving funds added, follow:

Bonds and commissions—\$8,000,000.
Board of control—\$4,000,000.
University of Wisconsin—\$3,956,000.

Educational departments and state aid—\$2,745,000.
Normal schools—\$1,178,000.
Memorial hospitals—\$25,000.

Appropriations to the board of control and to state departments practically equal their receipts. Both the university and the normal schools have had their building programs shorn from the budget.

The state appropriation to the university will total \$2,930,000 annually, with over \$1,100,000 annually made up of from receipts of the institution's activities and from student fees.

Recommendations of the finance committee for death of all bids adding to the revenue of the state, is expected to be followed by the legislature, although an attempt probably will be made by Senator Frear to keep his surplus measure alive.

In the vote on the Severson bill, in committee, Senators Nye and Bird and Assemblyman Francis Kenyon and Engel voted for indefinite postponement. Senators Anderson, Staudenmayer and Olson and Assemblyman Polakowski dissented.

In the vote on the Bell income tax bill the same line-up prevailed, as it did on the Arnold bill, except in that instance Senator Anderson joined with the nine other members of the committee for indefinite postponement.

Highway Tax Favored
The first highway privilege tax, levied for an assessment of two cents on the valuation of all automobiles in the state, was reported out for passage with only Assemblyman Polakowski and Engel dissenting. It will relieve the general property of the state from a \$4,000,000 tax, and will place the burden for raising this revenue needed for highway construction and maintenance, on automobiles.

The only other large appropriation bill still to be considered is that calling for purchase of the Northern Lakes park at a cost of \$250,000. The \$1,000,000 teachers' retirement fund carries its own method of financing.

Normal Appropriations
Total appropriations for the normal school will be allowed by the finance committee for 1921-22 are \$1,718,396, and for 1922-23 are \$1,823,355. Individual annual appropriations are as follows:

Eau Claire—\$108,570.
La Crosse—\$100,225.
Oshkosh—\$102,925.
Milwaukee—\$222,750.
Platteville—\$109,925.
River Falls—\$152,824.
Stevens Point—\$107,455.
Superior—\$139,185.
Whitewater—\$150,020.

Total appropriations recommended for the board of control for 1921-22 are \$5,062,112, and for 1922-23 are \$5,052,446. This includes the revolving fund. Among the larger individual annual appropriations are:

State Hospital for the Insane—\$25,322.
Northern Hospital for the Insane—\$27,383.
General State Hospital for Insane—\$24,772.
School for Blind—\$115,950.
School for Deaf—\$150,573.
Home for Feeble Minded—\$228,100.
Industrial School for Girls—\$102,299.
Industrial School for Boys—\$415,459.
State Reformatory—\$256,545.
State Prison—\$276,227.

The individual appropriations contain an estimate for the amount of coal to be purchased.

2-Platoon Plan is Compulsory After January 1

Copies of bill 208A, creating a new section of the statutes relating to fire departments, have been received here. Digest of the bill, recently passed by the legislature, shows that it is to be compulsory for Janesville to adopt the two-platoon system for its fire department after Jan. 1 next.

While local firemen are in favor of the two-platoon system, as against the present plan of every fifth day off, they advocate getting every third day off in preference to the double shift. They point out that the latter system would doubtless eliminate vacations.

Chief C. J. Murphy says he believes the two-platoon system can be worked out here, with the addition of five or six men. Firemen here hope an agreement may be reached by Jan. 1 whereby they will receive every third day off despite the new law which says cities "shall" adopt the two-platoon system.

Here is the way the new law reads: "The common council, or other governing body of every city of this state, and third class cities, whether organized under general or special charter, having a full paid fire department, shall provide for and the governing body of the fire department shall divide the fire fighting force in the fire department into two bodies or platoons. Each platoon shall work, or be on duty alternatively, an equal number of hours or as nearly equal as the governing power of the fire department of each such city shall decide; provided, however, that no member of said platoon shall be on duty more than a longer continuous period of time than the governing power of the fire department shall designate, except in cases of positive necessity by some sudden and serious accident, or the chief engineer or other officer in charge demands.

"This act shall take effect Jan. 1, 1922."

hair recently cut, he watched the selection of the jury with interest. His deep sunken eyes and hollow complexion gave an impression of long confinement and weariness.

He has accepted the situation cheerfully, and praises the treatment accorded him by the two sheriffs who have been in office since he has been confined in the jail. Without a relative in the city, state or country to take the initiative in raising bail of \$5,000, he has spent the six months in jail in the rear of the magnificent court house, where he now is being tried.

"Yes, I am glad the case is come to trial," he said to a Gazette reporter as he sat in court Tuesday. "It has been a long time waiting. I have spent my time reading books, magazines and other matter, but my eyes grew tired sometimes and then I had to stop and there was nothing to do but wait."

Call Special Verdict.

Besides the 35 men originally called, a special venire of nine men was hastily summoned Tuesday, as it took 45 men before 20 were selected from which the 12 men were chosen Wednesday morning. The men excused themselves by the fact that they were not in the city, and were expected to arrive here any time Wednesday afternoon. In the evening the mothers and friends are particularly invited.

TALKS TO HIGH SCHOOL.

A talk on the meaning of a high school education was given to the pupils of the high school Wednesday morning by Supt. F. O. Holt.

He stated that the ideal of an education must be set by means of the school and what the nation is to be tomorrow is determined by its educational system of today.

Holt, the plans for the new high school were mailed in Milwaukee early Wednesday morning by the architects, Van Ryn and De Gelleke, and were expected to arrive here any time Wednesday afternoon. 4 BOYS EXPELLED FOR CELEBRATION OF 4 TH AT J. H. S.

A premature celebration of Fourth of July with "sons of guns" which make a great deal of noise for their size, has resulted in the expelling of four high school boys.

The boys, who are named, Tuesday with all the noise and the result was that the four boys were expelled from the building Wednesday morning.

The fireworks were dropped in the hall and on being stepped on by pupils and teachers would crack. An occasional left over would be heard Wednesday morning.

Under the provisions of the new measure—which is now up to Governor J. J. Blaine for his signature—all condenser owners cannot take skim milk and enrich it with cream or milk solids to make whole milk.

Whole milk with real butter fat must be used.

Rock Co. Men Speak.

Among those who attended the senate session on Tuesday were C. E. Cline, Janesville, secretary of the Rock county Farm Bureau; J. J. McCann, La Prairie; William Hughes, La Prairie; Peter Vale, Milwaukee; Austin Saunders, Harmony; and E. A. Knapp, Evansville. There were more farmers attended the meeting of the Senate Tuesday than in the history of the legislature. The farmers were called upon to speak for the passage of the measure. Those who represented Rock county were C. E. Cline, Austin Saunders and E. A. Knapp.

Training School Students Ready for Graduation

Thursday is the big day for the graduates of the Rock County Teachers' Training school. The program will start at 12:30 with a dinner at the Methodist church and close with the dance at Apollo hall.

The headquarters committee deserves much praise for the splendid work done in connection with the attractive and convenient quarters now opened over the regular rooming committee. The committee had as chairman Miss Mabel Greenman and to her has fallen much of the hard work of the task. She has been assisted by Miss Josephine Marie, Mrs. W. H. Judd, Mrs. Fred Capelle, Mrs. Percy Munger and Mrs. Allen Lovejoy Jr. and these women were among the hostesses who received the guests Tuesday evening. Members of the headquarters committee consisting of Miss Sara Richardson, Mrs. O. E. O'Brien, Mrs. R. W. Halteman and Mabel Shumway also stood in the receiving line.

The membership committee consisting of Mrs. William J. Allen, Mrs. Alice Isabel MacLay, Aruby Gray, Zilla Kelsig, Alice B. Cousins, Alice Clithero, Alice Younghouse, Irene Lewis and Effie Salady were, too, among the hostesses.

Merchants Are Thanked.

The committee on headquarters feels deeply indebted to the various merchants who donated time to the cause, and who also made special prices in the various articles of furnishings secured from them.

An etching adorning the walls, decorated by Mrs. Margaret Woods, and the following articles were donated by friends: choice books for the book shelves, electric desk, lamp, a screen, a garbage can, the toilet soap, the towel rack, a handsome chair, an electric fan, three aluminum kettles, and a luxurious davenport.

Make Arrangements Now

Many men do not like to think of making their will.

They seem to regard it as "the beginning of the end."

But this is not right. Every man should make his will while he is strong in mind and body. The will is a very important document and must be exactly right.

Then there is a lot of satisfaction in knowing that every possible provision has been made in case the unexpected happens.

Careful business men make their will long before they expect to die. Then, if conditions change, they make a new will and destroy the old one.

Don't put off this important duty longer.

California Net Stars Rush Through Milton Defenders

STANFORD MEN TAKE ALL BUT 3 OF 27 GAMES

(By Gazette Correspondent.)
Milton-Rock county fans were treated to a wonderful exhibition of tennis here Tuesday afternoon, when Leland Stanford university's two man team, which is closing the season with a transcontinental tour, defeated Milton college's best players, A. K. Deland and C. S. Oakley. In straight sets. Though completely outclassed by the Pacific coast champions, the Miltonites showed occasional flashes of form and succeeded in winning three of the twenty-seven games played.

In the singles, Phil Neer, captain of the Stanford team, beat Deland, Milton, 6-1, 6-0. Deland, who recently won the state intercollegiate singles championship, put up a hard fight against the California star, but was outplayed by Neer's superior play. He succeeded in winning the sixth game of the first set by a love score, but all of the other games of the match went to Neer.

Neer, with his partner, J. M. Davies, downed Deland and Oakley in the doubles. Though beaten by straight sets, the Miltonites showed the showing of the high ranking of the two Stanford men in national tennis circles. Neer won honors in both the British Columbia and Oregon state tournaments last year, while his teammate, Davies, clinched the Pacific coast intercollegiate singles championship. They won the Pacific coast doubles championship. Since leaving on their present tour they have won practically every match, their latest victory being against the University of Minnesota, Chicago and Illinois universities and the Washington Park Tennis club, Milwaukee city champions.

Believing that an exhibition match between the two Californians would prove a better attraction for the crowd than a match between city champions, the local management placed Neer and Davies to contest to play each other. The former won, 6-3, 8-6. Tennis fans from Janesville, Stoughton and other neighboring cities declared that this match alone was well worth coming here to see.

The Leland Stanford stars left early Tuesday evening for Bloomington, Ind., where they are scheduled to play the University of Indiana on Wednesday.

Brierty in Draw With Monahan

Jimmy Brierty of Janesville put up a great scrap against Kid Monahan of Madison Tuesday night at the Monahan park ring in the Capital city. The two fighters were evenly matched, Brierty got a draw, while others declare Monahan drew a shade.

Kid Murray of Port Atkinson received a bad beating at the hands of Rocky Rice of Elmhurst, Ill. In the wind-up, Dobby Ward had an easy time fooling with Tony Louckes of Milwaukee. Ward, formerly of Detroit, took it easy and let himself out at the urgings of the referee. Louckes fought in Janesville a short time ago.

The final was scheduled between Ward and Otto Wallace. Wallace appeared with a large boil on his neck, the doctors refusing to permit him to go on.

In the opener Arnee Fields, Milwaukee, skinned Kid Levine, Madison.

No Noon Meal Now for Jack

Atlantic City, N. J.—The noon hour dinner bell no longer rings for Jack Dempsey. The world's heavyweight champion Wednesday was placed on a restricted diet and his eating reduced to two meals a day, breakfast and dinner. How long this order of things will last depends on the speed and manner in which he takes off weight.

The order follows his enforced lay off from boxing due to the reopening of the gash over his left eye. Jack of work with the gloves, his handlers believed, would not make it possible for the champion to reduce as scientifically as had been planned so it was decided to eliminate the noon day meal.

GEORGES NOT WORRYING

Manhattan, N. Y.—Georges Carpentier is well aware of the fact that he will enter the ring on July 2, several pounds lighter than Dempsey, but he does not worry. Remember the Points

If the boxer seems to suffer no ill effects and outscore his rival in the next session, he is entitled to that round," said Andrews. "In case he is badly hurt, then matters will take care of themselves. Any way, but the idea of crediting round after round to a man when he is being outpointed, due to the fact that he is connected with one punch on the chin, is in accordance with the logic of the game. Our rules specify that a knockdown is carried further than one round.
